

EQUI POO'WER

YOUR STABLE BESTIE

Demo Partner Program 2026

The new way to clean the box

- ✓ Less time
- ✓ Less waste
- ✓ Less effort

A ready-to-use solution for stables, equestrian centers and professional facilities.

Cleaning the box costs every day

The cost isn't just the litter: it's operating time, repetitive effort, and still-good material that gets thrown away.

Multi-stall facilities have a simple problem: every minute saved multiplies in workers, horses, and days of work.

EquiPoower was created to make the separation of dirt and still-reusable litter quicker and more standardized.

The result: less wasted chips, less effort and easier daily management even when operators change.

Designed for litter made of shavings or similar materials

THE PRODUCT

EquiPoower in summary

A compact, cordless, ready-to-use screener designed to work on any type of wheelbarrow.

Compatible with any wheelbarrow

Adaptable to one or two-wheeled wheelbarrows, approximately from 80 to 130/140 cm.

Up to 70% savings

After two years of testing, the claimed benefit concerns time, chips and manpower.

AISI 304 stainless steel

Sturdy material, suitable for professional use in stables.

Ready to use

It arrives fully assembled. Just position it, adjust it, and get to work.

No cables while working

Works with a rechargeable Makita 18 V battery. Battery pack **not included**.

For continuous use we recommend two batteries and a charger: one works, one recharges.

Weight: approximately 17 kg
Min. closed dimensions: 70 × 80 × 20 cm

Three simple steps:

1. Lean it against the wheelbarrow
2. Adjust the height
3. Start the engine and get to work...

Demo Partner Program 2026

For large, reputable centers suitable for hosting selected demos in their area.

€ 1.310 + VAT

Launch price valid for orders confirmed in 2026

Free shipping for the first 10 participating centers

The center purchases its first Poower and can become a qualified demonstration point for its region.

Contacts generated from the demos can be recognized via a referral fee once the sale is completed and collected.

Possible distribution evolution

If the center already has a commercial activity or a structured customer network, the relationship can evolve into a reseller collaboration.

No exclusivity, but we will reserve advantageous conditions based on the volume generated.

Client + demo host + referral source

A simple collaboration

The program works if the EquiPoower is actually used and explained with real data.

What we offer

- ✓ Launch price 2026 and free shipping for the first 10 centers
- ✓ Shareable video material and commercial support
- ✓ Opportunity to be visible as an EquiPower Demo Partner
- ✓ Referral fee on sales generated by qualified contacts

What we ask

- ✓ Real use on compatible litter, ideally shavings
- ✓ Operational feedback from those who clean the boxes every day
- ✓ Availability to host selected and agreed demos
- ✓ Sharing of data, photos or testimonials with prior approval

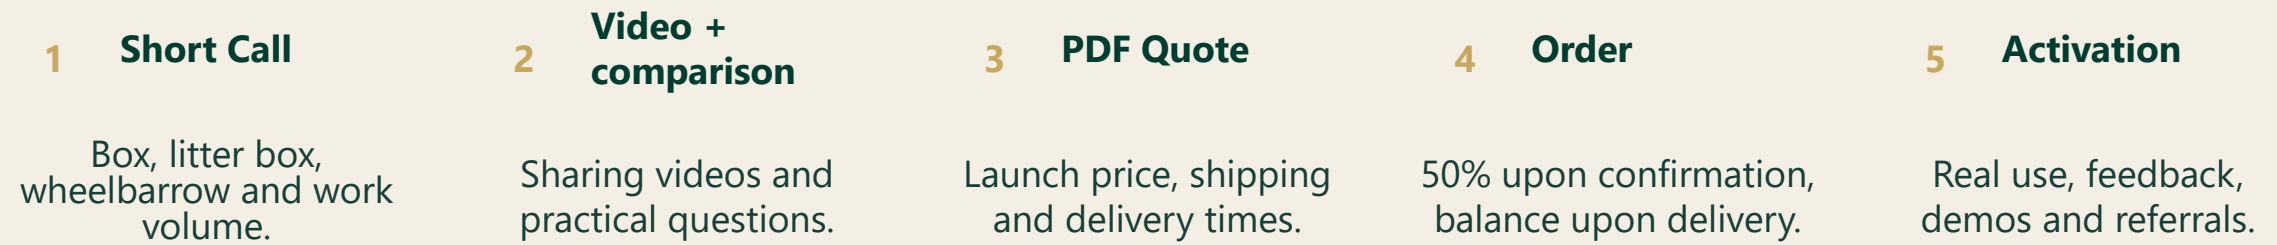

The first goal is to sell the EquiPoower to the right center. The second is to show other centers why it works.

NEXT STEPS

From first contact to delivery

A quick, clear process designed to immediately verify the center's compatibility.
